PUC Docket No. 60319

PUBLIC COMMENT OF MARY ANTER

I live at [redacted] El Paso County, Texas, near proposed Link 1R of El Paso Electric's Pine to McCloud 345 kV transmission line. Proposed Link 1R passes about 1820 feet from my home.

I oppose any route that uses Link 1R.

This transmission line will only be 1820 feet from my property, which is 1 block east of Pony Express Road. There is nothing but raw land in the space between us, so the line will be seen very clearly whenever we look towards the mountains in that direction, which is multiple times per day while we are driving, playing, and taking walks. I strongly oppose this line and would like it to be installed in another area so it does not block the nicest views in the Hueco Valley.
