PUC Docket No. 60319

PUBLIC COMMENT OF BRIAN ANTHEUNISSE

I own property at [redacted] near proposed Link 1R of El Paso Electric's Pine to McCloud 345 kV transmission line. Proposed Link 1R passes about 8220 feet from my property.

I oppose any route that uses Link 1R.

The reason I bought property in this desert valley is to enjoy the serenity of Hueco Tanks State Park and the surrounding natural beauty. We built a deck in front of our house just to enjoy the view of the park. Many of my neighbors in the valley feel the same way about their property and their view of the park. I can't imagine it with a huge power line, and what would be even more frustrating is that there is a way around our neighborhood. This is truly a magical place for everyone who lives there, don't ruin it!
