Re: Opposition to Proposed Transmission Lines Near Hueco Tanks

To the Public Utility Commission of Texas:

I oppose routing the proposed transmission lines through my neighborhood near Hueco Tanks. I am concerned about their potential impact on property values, scenic views, wildlife, and the peaceful character of our community.

As a resident and climbing guide at Hueco Tanks, I value this area's natural beauty and cultural significance. I urge the Commission to select an alternative route that minimizes impacts on homes and protects the surrounding landscape.

Thank you for considering my concerns.

Sincerely,
Melissa Bennett
