PUC Docket No. 60319

PUBLIC COMMENT OF JACKIE HUEFTLE

I own property at [redacted], near proposed Link 1R of El Paso Electric's Pine to McCloud 345 kV transmission line. Proposed Link 1R passes about 10560 feet from my property.

I oppose any route that uses Link 1R.

The Hueco Valley is a unique, quiet enclave away from the bigger city of El Paso. Hueco Tanks State Park is extremely important for local wildlife and history, and those who live in the valley value protecting these resources. Having a major power line would disrupt the serenity and views from my property and other properties in the area, would disrupt the natural area, and may have poor effects on wildlife including birds and animals. Please don't destroy this special place. Please reroute the power line around the outside of the valley.
